CASA LOMA

Rich in history

Completed in 1914, Casa Loma is a museum-style castle surrounded by five acres of lush gardens in midtown Toronto. This historic landmark is one of North America's only castles and provides a one-of-a-kind backdrop for distinguished corporate gatherings. The elegance of the interior begins in the Great Hall with its soaring 60-foot ceiling, while the original Library offers a unique setting for receptions and dinners, allowing guests to connect amidst a piece of Toronto's history. The Conservatory, crowned by a stained-glass dome and filled with natural light, is ideal for daytime meetings or luncheons, transforming seamlessly into a sophisticated space for evening networking and celebrations.

Complementing the grandeur of the interior, the outdoor terrace, perched high above the city, offers breathtaking views of downtown Toronto, perfect for cocktail receptions and client entertainment. The estate grounds, with their lavish fountains, striking sculptures, and rare florals, create an inspiring environment for team-building and memorable photography. From conferences and galas to product launches and private celebrations, Casa Loma provides an extraordinary setting where business and elegance come together in the heart of the city.

Executive Chef Team

Davide Ciavattella - Michelin Chef, Don Alfonso 1890

From the sunlit shores of Pescara to the bustling heart of Toronto, the journey has been guided by a love for the flavours, stories, and traditions of southern Italy. Each dish at Don Alfonso 1890 is crafted to carry a piece of that heritage, infused with the spirit of the Mediterranean, the finest local ingredients, and the elegance of modern technique.

Training in some of Italy's most celebrated Michelin-starred kitchens- from the island of Capri to the Amalfi Coast- has shaped a philosophy rooted in both respect for tradition and a passion for innovation. Time spent under the guidance of the legendary Chef Ernesto Iaccarino in Sorrento brought a deeper understanding of how food can be more than a meal, it can be an experience, a memory, a connection.

Daniele Corona - Michelin Chef, DaNico

The family kitchen to the culinary halls of I.P.S.E.O.A. Duca Di Buonvicino, every step was a chance to learn and grow. Time spent at renowned Italian establishments like Trussardi alla Scala in Milan, Oliver Glowig in Rome, and Don Alfonso 1890 on the Amalfi Coast brought lessons in discipline, creativity, and respect for ingredients.

Canada became home in 2018, bringing the Don Alfonso experience to Toronto. The honour of earning a Michelin Star in 2022 was a moment of pride, not just for the team, but for everyone who supported that journey. In 2023, a new chapter began with DaNico Toronto, a place where the soul of Italian cuisine lives and breathes in every dish. A second Michelin Star followed in 2024, a recognition that speaks to the incredible team and the guests who make it all worthwhile.

As a thirty year veteran of the culinary industry and having worked in many of Toronto's top restaurants and catering companies, I draw upon many years of culinary and operations experience in my position as the Vice President of Operations and Corporate Executive Chef for all of the Liberty Entertainment Group properties.

My culinary team and I have expertly crafted a selection of set menus designed to cater to the varied tastes of our guests. In addition, we have provided a selection of à la carte options from which our catering team will work with you to custom-design a menu that perfectly suits your needs and event vision.

The Liberty Group culinary team prides itself on tailoring our menu creation to each unique special event we host. Using our state of the art facilities and high quality locally sourced ingredients, we always maintain quality and excellence.
